

FOOD ALLERGY & SPECIAL DIET ACCOMMODATIONS

If you have a food allergy and/or special dietary needs, there are menu options and nutrition resources available to you on campus. In addition, there are allergy-free stations (MyZone) available at Commons Dining Hall to meet your dietary needs.

Please follow the steps below to assure your dietary needs are effectively met while dining on campus:

1. Obtain a signed dietary order/letter from your licensed healthcare professional to give to the Hospitality Services dietitian that describes in detail your specific dietary needs.
2. Schedule a meeting with Hospitality Services' dietitian to develop a written plan that meets your dietary needs.

In the event that you have any other meal plan issues or concerns, don't hesitate to contact our Registered Dietitian Nutritionist – Kimberly Mayer (Kimberly.mayer@sodexo.com or 518-276-8989), or the General Manager – Matthew Mueller (Matthew.mueller@sodexo.com or 518-276-2621).
